THE POLITICAL SCIENCE QUARTERLY

The Quarterly is published by the Academy and edited by the Faculty of Political Science of Columbia University.

Its list of contributors includes university and college teachers, politicians, lawyers, journalists and business men in all parts of the United States, and European professors and publicists. It follows the most important movements of foreign politics but gives chief attention to questions of present interest in the United States. On such questions its attitude is nonpartisan. Every article is signed; and every article, including those of the editors, expresses simply the personal view of the writer. Each issue contains careful book reviews by specialists, and the large numbers of recent publications are characterized in brief book notes.

Communications in reference to articles, book reviews and exchanges should be addressed: Managing Editor, Political Science Quarterly, Columbia University, New York 27, N. Y. Intending contributors are requested to retain copies of articles submitted, as the editors disclaim responsibility for the safety of manuscripts. If accompanied by stamps, articles not accepted will be returned.

All business communications should be addressed to THE ACADEMY OF POLITICAL SCIENCE, Fayerweather Hall, Columbia University, New York 27, N. Y.
